August 21, 2019

## ZimaBliZko, Almaty Khydyakova Svetlana, Event Liaison.

Your application for accreditation as an IFSS World Cup event in the season 2019-2020 has been reviewed and approved by the IFSS Accreditation Committee.

The World Cup Race event to be held on November 2-3, 2019 at Almaty (Kazakhstan), is accredited as an IFSS World Cup Event for the following classes:

DBW, DBM, DS1, DS2, DR4, DCW, DCM and the related junior and veteran classes.

As a condition of approval:

- Race Rules published on the IFSS website at the time of the event shall be used.
- Doping Controls may be performed by IFSS on dogs and/or athletes.
- Complete results, in Excel format, including DID numbers, shall be forwarded to [accreditation@sleddogsport.net](mailto:accreditation@sleddogsport.net) along with the Race Marshal report within one week of the event (see attachments for required result format and RM report form). Results in incorrect format will be returned for adjustment. **Lack of results in the requested time frame or requested format may result in lack of World Cup points.**

Only competitors with a valid DID number will be able to earn points in the World Cup Point score at this event.

If the date and/or location of the event are changed, for whatever reason, please inform the Accreditation Committee.

Your event will be listed on the IFSS World Cup calendar of the IFSS website and the results will be available by clicking on the race name on the calendar as soon as the points for the World Cup have been calculated.

We wish you all the best for a successful event.

Sincerely,

*Bernard Pepin*

*Accreditation Committee Chair*
